MD 200 SILENT

Vibration free and engine operating noise level with 74 dB (A) the EDGE 200MDS has to be the quietest diesel powered high pressure cleaner on the market today

Design to provide ample power for the toughest of cleaning jobs, the EDGE 200MDS can be used with hot or cold water or steam which considerable reduces cleaning time. Producing a pressure of 200 bar (2940 psi) and with a water flow rate of 15 litres per minute, the EDGE 200MDS is capable of meeting any cleaning task in areas such as Agriculture, Plant Hire, Building & Construction, Local Authorities and General industry.

Universal Applications

When the machines are used in either static or field applications, and there is no access to water supply, the 200MDS can be supplied by gravity feeding direct from a header tank, or in the case of the Grimebuster, from its own on-board water tanks.

Environmentally Friendly

The EDGE GrimeBuster is a highly suitable model for Local Authorities whose cleaning tasks include; maintenance of road and motor way signs, building and amenities, parks and recreation centres, statues and monuments and the infamous Graffiti and Chewing Gum problem. Additionally Bill-Board Posters can be stripped off in seconds.

in the Agricultural market the EDGE Grimebuster can offer complete cleaning power with portability to the Pig, Poultry and Dairy Farmer. In conjunction with chemical of steam, the Grimebuster provides the ideal solution for cleaning and sanitising requirements.

Silent / Compact / Self Contained

The EDGE Grimebuster provides the ultimate in the concept of compact self-contained cleaning equipment. With a galvanised single axle trailer for mobility conforming to EU regulations, 900 litre capacity water tanks, 360 degree swivelling hose reel with 50 metre capacity, 3 x 25 litre chemical carrier, 2 storage lockers, lance storage and 54 litre capacity diesel tank. Complete compact cleaning independence, but quietly.

	MD 200 SILENT
Code	319
operat. pressure	200 bar
operat. pressure	2940 psi
battery rating	AH80
engine start mechanism	Electric
engine type	Ruggerini Diesel 21HP Aircooled
burner power capacity	61 kW
diesel tank	54 l/ 14.58 gal
machine noise level	73 dB(A)
diesel fuel tank supplies	Engine & Burner
machine dimensions	86x148
machine weight	500 kg
